

## **050-876-CNI(3000) Practice Test Novell, Inc upgrade to netware 6**

**050-876-CNI(3000): upgrade to netware 6**

**Practice Exam:** 050-876-CNI(3000) Exams

**Exam Number/Code:** 050-876-CNI(3000)

**Exam Name:** upgrade to netware 6

**Questions and Answers:** 130 Q&As

**( Novell Other Certification )**

Exam : [050-876-CNI\(3000\)](#)

For candidates making preparation for the Novell, Inc 050-876-CNI(3000) questions and answers, what they most desire is to easily pass the 050-876-CNI(3000) (upgrade to netware 6) exam. ItCertHome 050-876-CNI(3000) includes 130 questions and answers, which are collected and collated by experts of Novell, Inc. With our 050-876-CNI(3000) study materials, you can successfully take Novell, Inc certification of 050-876-CNI(3000) exam and go further on Novell, Inc career path.

### **Free 050-876-CNI(3000) Demo**

we provide Novell, Inc 050-876-CNI(3000) demo exam for free (in PDF format ) before you decide to purchase it. Thus, you can know better about the quality of our practice exam and then make your right decision.

### **ItCertHome Test tool's advantages:**

#### **High Quality and Value of 050-876-CNI(3000) exam**

ItCertHome Novell, Inc Novell Other Certification 050-876-CNI(3000) Practice Questions is developed and finished by Novell, Inc technical team , cover every field of the exam . Besides, we have verified 050-876-CNI(3000) answers, almost 100% correct.

#### **100% Guarantee to Pass 050-876-CNI(3000) Exam**

We promise to give you FULL REFUND if you fail the Novell Other Certification 050-876-CNI(3000) certification(Novell, Inc Certified Network Associate) with the use of our ItCertHome testing engine.

#### **050-876-CNI(3000) Self Test Mode**

ItCertHome provides a simulated and interactive environment where you can test your knowledge and skills about 050-876-CNI(3000) to ensure enough assurance in real testing center.

#### **Periodic Updates of ItCertHome 050-876-CNI(3000)**

Once there is some change on Novell, Inc 050-876-CNI(3000) exam, we will update it timely, and the product you buy will be updated within 90 days for free.

#### **Professional and Efficient Service**

We offer 7\*24 customer support via diverse channels: LIVE CHAT,MAIL. Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Novell, Inc Novell Other Certification 050-876-CNI(3000)** examination of original title complete coverage. ItCertHome **050-876-CNI(3000) Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

### **We promised that use ItCertHome Q&A ensure you pass the exam at your first try.**

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctness of the Q&A is 100%, the coverage of 050-876-CNI(3000) Q&A are more than 96%. All you need to study the whole 050-876-CNI(3000) Q&A before you participate the certification exam, it should be possible to easily complete the exam

and pass the certification.

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 050-876-CNI (3000) Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 050-876-CNI(3000) Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 050-876-CNI(3000) Q&A, we will update the Q&A in the first time, and provide you the download update for free.

**Novell, Inc 050-876-CNI(3000)** Test belongs to one of the Novell Other Certification certified test, if needs to obtain the Novell Other Certification certificate, you also need to participate in other related test, the details you may visit the Novell Other Certification certified topic, in there, you will see all related Novell Other Certification certified subject of examination.

050-876-CNI(3000)

ItCertHome professional provide Novell Other Certification 050-876-CNI(3000) the newest Q&A, completely covers 050-876-CNI(3000) test original topic. With our complete Novell Other Certification resources, you will minimize your Novell Other Certification cost and be ready to pass your 050-876-CNI(3000) tests on Your First Try, 100% Money Back Guarantee included!

This 050-876-CNI(3000) PDF demo do not include the questions and answers's picture:

Exam : Novell 050-876-CNI(3000)

Title : Upgrading to Netware 6

1. You have a server with the following specifications:

NetWare 5.0 with Support Pack 6a

Pentium II processor with 256 MB RAM

200 MB of free space on the DOS partition

3 GB of free space on volume SYS

You want to replace this server with a NetWare 6 server as easily and inexpensively as possible. You have no other available machines, but purchasing new hardware is possible if it is necessary. Which option best meets these objectives?

A. Perform an in-place upgrade to NetWare 6.

B. Perform a NetWare accelerated upgrade to NetWare 6.

C. Obtain new hardware to install a NetWare 6 server and copy the current server data to it.

D. Use the migration wizard to migrate the current server's data to new NetWare 6 server hardware.

Answer: A

2. You need to modify your iPrint environment. Which web-based utility do you use to create and modify Printer, NDPS Broker, and NDPS Manager objects?

A. iMonitor

B. ConsoleOne

C. Remote Manager

D. Novell iManager

E. Server Management Console

Answer: D

3. You are using Deployment Manager to update eDirectory on your network servers. Which steps do you perform to

see a list of all servers that need to be updated in your tree? (Choose 2.)

- A. Select each server object in the tree.
- B. Click the Check NDS Version button.
- C. Select the top-most container in the tree.
- D. Click the Include Subordinate Containers button.
- E. Mark the Verify Version box next to each server object.

Answer: CD

4. Which eDirectory database file could hold a user's login script information?

- A. 0.DB
- B. NDS.DB
- C. NDS.01
- D. NDS\*.LOG
- E. 00000110.NDS

Answer: E

5. In which situation will you be able to restore a deleted NSS volume?

- A. When its associated storage pool is deleted
- B. When both the volume and its storage pool are deleted
- C. When the volume is deleted, but the storage pool is not
- D. When only the volume is deleted and the Purge Delay time has not passed
- E. When its associated storage pool is deleted and the Purge Delay time has not passed

Answer: D

6. Which are features and benefits of NSS? (Choose 2.)

- A. Clustering
- B. Borrowing space from other partitions
- C. The creation of multiple storage pools within a partition
- D. Saving your file data to disk immediately after you save the file instead of waiting for the next flush cycle
- E. Turning off file compression after it's enabled on a volume without having to recreate the volume

Answer: AD

7. When performing a health check after installing eDirectory 8.6, how can you check to see if there are any obituaries?

- A. Use ConsoleOne> Tools> Obituary Check
- B. Use ConsoleOne> Tools> Partition Status
- C. Set DSTRACE=+S and Set DSTRACE=\*H
- D. Set DSTRACE=+OBIT and Set DSTRACE=\*O
- E. Set DSTRACE=+BLINK and Set DSTRACE=\*B
- F. Use DSREPAIR -A> Advanced Options> Check External References
- G. Use DSREPAIR -A> Advanced Options> Report Synchronization Status

Answer: F

8. How much memory must a NetWare 6 server have to install Novell Clustering Services (NCS) 1.6?

- A. 1 GB
- B. 128 MB
- C. 256 MB
- D. 512 MB

Answer: C

9. Which is a component of eDirectory 8.6?

- A. A 0.DSB file to hold index information about the database
- B. Streams files used to hold information such as login scripts

- C. Novell's transaction tracking system to ensure database integrity
- D. Files named 01.DB, 02.DB, etc. to hold all database record information

Answer: B

10. You have just run the REBUILD command on your server's DATA volume. To which file will REBUILD copy errors and transactions, and where is that file located?

- A. DATA.NSS, located at the root of SYS
- B. DATA.RLF, located at the root of SYS
- C. DATA.RLF, located at the root of DATA
- D. DATA.NSS, located at the root of DATA
- E. VOLUME.NSS, located at the root of DATA

Answer: B

11. You have installed NFAP for Windows and are in the process of creating simple passwords for all objects in the Education container. What utility can you use to create all user simple passwords at one time?

- A. iMonitor
- B. ConsoleOne
- C. Novell iManager
- D. Remote Manager
- E. Server Management Console

Answer: D

12. What is the minimum amount of RAM required to install NetWare 6?

- A. 56 MB
- B. 128 MB
- C. 256 MB
- D. 512 MB
- E. 1 GB

Answer: C

13. Which statements are true regarding iFolder? (Choose 2.)

- A. The iFolder client can be installed on any UNIX workstation.
- B. The iFolder client can be installed on any Windows workstation.
- C. The iFolder client can be installed on any Macintosh workstation.
- D. Applications associated with the files in the iFolder directory must be installed on the local workstation.
- E. The iFolder directory must be the root directory of whichever workstation the client is installed on.

Answer: BD

14. Which statements are true concerning filtered replicas on an eDirectory server? (Choose 2.)

- A. A server can hold both full replicas and filtered replicas.
- B. Each replica on a server can be configured with its own filter.
- C. A replica filter cannot be modified; it must be removed and then recreated.
- D. Servers running eDirectory versions earlier than 8.5 cannot synchronize with filtered replicas.
- E. The master replica of a partition being filtered must reside on a server running eDirectory 8.5 or later.

Answer: AE

15. Which of the following are components of Novell Clustering Services (NCS) 1.6? (Choose 3.)

- A. An IDE controller
- B. A shared disk system
- C. SCSI cards and cables
- D. eDirectory 5.0 and later
- E. NetWare 6 servers configured to use IP

Answer: BCE

16. Which statements describe an eDirectory index? (Choose 2.)

- A. An index is stored in its associated server's file system.
- B. An index is stored as an attribute on a server object in a tree.
- C. An index is stored as an attribute on a container object in a tree.
- D. An index is created at the root of the tree and applies throughout the tree.
- E. An index is unique to one server but can be applied to more than one server.

Answer: BE

17. Which NetWare 6 user access component allows a user to log in to a NetWare server from a Macintosh workstation without the use of the NetWare client?

- A. NFAP
- B. iFolder
- C. NetDrive
- D. NetStorage
- E. Web Access

Answer: A

18. When adding a new site to NetDrive, you did not specify a protocol in the Site Address/URL field. Which protocol is used by default?

- A. FTP
- B. TFTP
- C. HTTP
- D. HTTPS
- E. iFolder
- F. WebDAV

Answer: A

19. When creating an eDirectory index you must select a rule to use. Which rules are available? (Choose 3.)

- A. Entry
- B. Value
- C. Absence
- D. Presence
- E. Substring

Answer: BDE

20. You are performing an eDirectory health check prior to installing NetWare 6 and eDirectory 8.6. Which command displays schema synchronization information?

- A. SET DSTRACE=+S
- B. SET DSTRACE=\*S
- C. SET DSTRACE=\*SS
- D. SET DSTRACE=\*SSA
- E. SET DSTRACE=+SCHEMA
- F. SET DSTRACE=\*SCHEMA

Answer: E
