

4h0-020 Practice Test

Hyperion Solutions Hyperion Certified Design Lead Hyperion System9 Planning 4.1

4h0-020: Hyperion Certified Design Lead Hyperion System9 Planning 4.1

Practice Exam: 4h0-020 Exams

Exam Number/Code: 4h0-020

Exam Name: Hyperion Certified Design Lead Hyperion System9 Planning 4.1

Questions and Answers: 73 Q&As

(Hyperion Solutions Certifications)

Exam : [4h0-020](#)

For candidates making preparation for the Hyperion Solutions 4h0-020 questions and answers, what they most desire is to easily pass the 4h0-020 (Hyperion Certified Design Lead Hyperion System9 Planning 4.1) exam. ItCertHome 4h0-020 includes 73 questions and answers, which are collected and collated by experts of Hyperion Solutions. With our 4h0-020 study materials, you can successfully take Hyperion Solutions certification of 4h0-020 exam and go further on Hyperion Solutions career path.

Free 4h0-020 Demo

we provide Hyperion Solutions 4h0-020 demo exam for free (in PDF format) before you decide to purchase it. Thus,you can know better about the quality of our practice exam and then make your right decision.

ItCertHome Test tool's advantages:

High Quality and Value of 4h0-020 exam

ItCertHome Hyperion Solutions Hyperion Solutions Certifications 4h0-020 Practice Questions is developed and finished by Hyperion Solutions technical team , cover every field of the exam . Besides, we have verified 4h0-020 answers,almost 100% correct.

100% Guarantee to Pass 4h0-020 Exam

We promise to give you FULL REFUND if you fail the Hyperion Solutions Certifications 4h0-020 certification(Hyperion Solutions Certified Network Associate) with the use of our ItCertHome testing engine.

4h0-020 Self Test Mode

ItCertHome provides a simulated and interactive environment where you can test your knowledge and skills about 4h0-020 to ensure enough assurance in real testing center.

Periodic Updates of ItCertHome 4h0-020

Once there is some change on Hyperion Solutions 4h0-020 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

Professional and Efficient Service

We offer 7*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Hyperion Solutions Hyperion Solutions Certifications 4h0-020** examination of original title complete coverage.ItCertHome **4h0-020 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

We promised that use ItCertHome Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of

the Q&A is 100%, the coverage of 4h0-020 Q&A are more than 96%. All you need to study the whole 4h0-020 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 4h0-020 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 4h0-020 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 4h0-020 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[Hyperion Solutions 4h0-020](#) Test belongs to one of the Hyperion Solutions Certifications certified test, if needs to obtain the Hyperion Solutions Certifications certificate, you also need to participate in other related test, the details you may visit the Hyperion Solutions Certifications certified topic, in there, you will see all related Hyperion Solutions Certifications certified subject of examination.

4h0-020

ItCertHome professional provide Hyperion Solutions Certifications 4h0-020 the newest Q&A, completely covers 4h0-020 test original topic. With our complete Hyperion Solutions Certifications resources, you will minimize your Hyperion Solutions Certifications cost and be ready to pass your 4h0-020 tests on Your First Try, 100% Money Back Guarantee included!

This 4h0-020 PDF demo do not include the questions and answers's picture:

Exam : Hyperion Solutions 4H0-020

Title : Hyperion Certified Design Lead Hyperion System9 Planning 4.1

1. Your client has requested the inclusion of several reporting metrics and ratios, such as Gross Margin %, Net Income %, and ROI. Assuming a Financial plan type only using the standard planning dimensions, with Account and Period dense, and everything else sparse, the best-practice way to implement these calculations is via _____.

- A. calc scripts
- B. business rules
- C. stored member formulas
- D. dynamic calc formulas
- E. dynamic calc two-pass member formulas

Answer: E

2. Which statement(s) is/are correct regarding the administrative Copy Data feature available in the Planning Web? (SELECT ALL THAT APPLY)

- A. Data can be copied between versions only, for select scenarios
- B. Data can be copied between scenarios only, for selected versions
- C. Data can be copied between any dimensional intersection, assuming all dimensions and members are present in the selected plan types
- D. Cell Text is copied
- E. Account Annotations are copied
- F. Supporting detail is copied
- G. Planning Unit Annotations are copied
- H. You are prevented from copying to Planning Units that have been approved

Answer: CDEF

3. A client would like the page member selection on a web form for one dimension to determine the page members available for a second dimension. How could this be accomplished?

- A. Define the page member relationship in the web form definition
- B. Through java script customizations
- C. Assign UDA's to the dimension in the second page drop down
- D. (can not be done)

Answer: B

4. What methods are available to move data between different applications? (SELECT ALL THAT APPLY)

- A. Shared Services
- B. Shared Members
- C. Data export/import
- D. Copy Versions
- E. Partitioning

Answer: ACE

5. Which of the following features are advantages of business rules over calculation scripts? (SELECT ALL THAT APPLY)

- A. Run-time prompts
- B. Run on save
- C. Run on save with run-time prompts
- D. Organize content into projects
- E. Larger calculation function library

Answer: ACD

6. SCENARIO: A Planning client wants to analyze budget vs. actual variances in a foreign currency application. They want to isolate how much of the variance is attributable to the exchange rate variance and how much of it is a budget variance - the budget vs. actual variance amount if there was no exchange rate variance. The client already has Budget and Actual Scenarios and Budget and Actual Exchange Rate Tables assigned to the related Scenarios. What is the most efficient solution to report the total variance and its components?

NOTE: Additional scenarios, data, and/or exchange rate tables have been included in the potential solutions.

- A. TABLE 1:
- B. TABLE 2:
- C. TABLE 3:
- D. TABLE 4:
- E. TABLE 5:

Answer: A

7. Your client has also requested the inclusion of several scenario dimension members to perform favorable/unfavorable variance calculations. Which item(s) must be known prior to successfully writing these calculations? (SELECT ALL THAT APPLY) NOTE: Assume that every dimension has at least one dynamically calculated member, and that a default calc has just been run on the database.

- A. The dense/sparse configuration of the dimensions in the outline.
- B. The order of the dimensions in the outline.
- C. The dynamic two-pass calc status of members in the outline.
- D. The stored dimension member formulas of members in the outline.
- E. Which dimension is tagged as entities.
- F. Whether or not the application is enabled for multiple currencies.

Answer: ABC

8. When using Shared Services for data integration, a dimension is eligible to be moved to the dynamic POV when which condition(s) are met? (SELECT ALL THAT APPLY)

- A. The dimension is sparse.
- B. The dimension is dense.
- C. No other dimensions exist in the dynamic POV.
- D. The members in the dimension are selected explicitly.
- E. The members in the dimension are selected by function.
- F. The dimension has a large number of members and must be updated often.

Answer: ACD

9. SCENARIO: A company wants to do custom salary planning application in addition to their standard Expense and Revenue Planning in Hyperion Planning. The company has 1000 employees spread across 250 cost centers. Detailed planning is done at the employee level for Salaries & Wages and Benefits accounts, but not for any other expense accounts. HR department requires that all new hires and transfers occur in PeopleSoft, therefore you can assume that no data will exist for a single employee across multiple cost centers. Cost center managers may only view and edit salary data for their own existing employees in Hyperion Planning.

What is the optimal application design to achieve the best possible system performance? (SELECT ONE OPTION FROM THE TABLE)

- A. Option 1
- B. Option 2
- C. Option 3
- D. Option 4
- E. Option 5
- F. Option 6

Answer: C

10. The Entity dimension is organized by regions, with locations rolling to regions. "Projects" is added as a custom dimension. Which option will impact application performance most adversely?

- A. Add an attribute dimension to the Project dimension to assign projects as "New" or "Existing".
- B. Add a custom dimension called Project Type with the members "New" and "Existing".
- C. Create shared rollups in the project dimension based on new and existing projects.
- D. Add projects to the project dimension under the parents "New" and "Existing".

Answer: B

11. FNV Company allocates actual G&A expenses to specific lines of business based on planned headcount in their annual strategic plan. Indicate the most appropriate calculation order to arrive at a consolidated income statement.

(SELECT THE BEST STATEMENT)

- A. Aggregate/Consolidate database
- B. Run allocation process
- C. Calculate Salary & Benefits
- D. Calculate Total Assets
- E. Calculate Total Expenses

- A. A,C,E,D,B
- B. C,E,D,A,B
- C. E,C,A,B
- D. C,E,B,A
- E. C,D,E,B,A

Answer: D

12. Which of the following statements are true regarding currencies? (SELECT ALL THAT APPLY)

- A. Base currencies are assigned to entities
- B. One entity can have input in multiple currencies
- C. Base currencies are assigned to accounts
- D. One account can have input in multiple currencies

Answer: ABD

13. It is more appropriate to use scenarios over versions when: (SELECT ALL THAT APPLY) NOTE: If there is no difference in functionality, do NOT select the member.

- A. data must be input at an upper level member.
- B. a smart list tag must be applied.
- C. different exchange rates must be utilized for a currency application.
- D. access must be restricted across different time periods and years
- E. Read Only vs Read/Write security must be applied.

Answer: CD

14. Which methods are available to move data between databases within a single application? (SELECT ALL THAT APPLY)

- A. Partitioning
- B. Xref in calc script
- C. Hyperion Application Link
- D. Visual Basic
- E. Report Scripts and Data Load Rules
- F. SQL Query
- G. Essbase Retrieve and Lock and Send
- H. Hyperion Master Data Manager
- I. Essbase Integration Server

Answer: ABCDEG

15. Which point(s) are applicable when determining whether to include more than one plan type within an application? (SELECT ALL THAT APPLY)

- A. The ESSSVR process will share resources across multiple plan types
- B. Including multiple plan types in one application requires less maintenance than multiple applications with a single plan type in each
- C. Having multiple plan types in multiple applications requires additional licensing

Answer: ABC

16. When currency exchange rates are pushed to Essbase, they are initially stored at the following intersections. (SELECT ONE)

- A. Specified Members: Period, Year, Scenario, and HSP_Rates
Generation 1 Members: Entity, Version, Currency, and Other Custom Dimension
- B. Specified Members: Period, Year, Scenario, and HSP_Rates
Level 0 Members: Entity, Version, Currency, and Other Custom Dimension
- C. Generation 1 Members: Period, Year, Scenario, and HSP_Rates
Members: Entity, Version, Currency, and Other Custom Dimension
- D. D. Level 1 Members: Period, Year, Scenario, and HSP_Rates
Specified Members: Entity, Version, Currency, and Other Custom Dimension

Answer: A

17. A custom Dimension called "Sales" has Sales Person at level 0. Sales Persons are each associated with a single Sales Channel and a single Geography. Your client would like to see a report showing Sales Channel in the columns and Geography in the rows. How can this reporting need be best satisfied?

- A. Sales dimension hierarchy for geography and attribute dimension for sales channel
- B. Sales dimension hierarchy for geography and alternate hierarchy for sales channel
- C. Sales dimension hierarchy for geography and dimension for sales channel
- D. Sales dimension hierarchy for sales channel and alternate rollup for geography

Answer: A

18. It is more appropriate to use versions over scenarios when: (SELECT ALL THAT APPLY) NOTE: If there is no difference in functionality, do NOT select the member.

- A. data must be input at an upper level member.
- B. a smart list tag must be applied.
- C. different exchange rates must be utilized for a currency application.
- D. access must be restricted across different time periods and years
- E. When Read Only vs Read/Write security must be applied.

Answer: A

19. The user takes a form offline on Friday. The administrator updates the web form over the weekend and deletes several accounts from the form. What happens when the user synchronizes the form on Monday?

- A. A synchronization error will occur with no update to the data.
- B. The synchronization message will be generated with no update to the data.
- C. The synchronization will occur to existing cells with a message that some cells may not be saved.
- D. (none of the above)

Answer: C
