

GB0-183 Practice Test

H3C Huawei-3Com Certified Network Engineer

GB0-183: Huawei-3Com Certified Network Engineer

Practice Exam: GB0-183 Exams

Exam Number/Code: GB0-183

Exam Name: Huawei-3Com Certified Network Engineer

Questions and Answers: 526 Q&As

(HCNE)

Exam : [GB0-183](#)

For candidates making preparation for the H3C GB0-183 questions and answers, what they most desire is to easily pass the GB0-183 (Huawei-3Com Certified Network Engineer) exam. ItCertHome GB0-183 includes 526 questions and answers, which are collected and collated by experts of H3C. With our GB0-183 study materials, you can successfully take H3C certification of GB0-183 exam and go further on H3C career path.

Free GB0-183 Demo

we provide H3C GB0-183 demo exam for free (in PDF format) before you decide to purchase it. Thus,you can know better about the quality of our practice exam and then make your right decision.

ItCertHome Test tool's advantages:

High Quality and Value of GB0-183 exam

ItCertHome H3C HCNE GB0-183 Practice Questions is developed and finished by H3C technical team , cover every field of the exam . Besides, we have verified GB0-183 answers,almost 100% correct.

100% Guarantee to Pass GB0-183 Exam

We promise to give you FULL REFUND if you fail the HCNE GB0-183 certification(H3C Certified Network Associate) with the use of our ItCertHome testing engine.

GB0-183 Self Test Mode

ItCertHome provides a simulated and interactive environment where you can test your knowledge and skills about GB0-183 to ensure enough assurance in real testing center.

Periodic Updates of ItCertHome GB0-183

Once there is some change on H3C GB0-183 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

Professional and Efficient Service

We offer 7*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **H3C HCNE GB0-183** examination of original title complete coverage.ItCertHome **GB0-183 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

We promised that use ItCertHome Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of the Q&A is 100%, the coverage of GB0-183 Q&A are more than 96%.All you need to study the whole GB0-183 Q&A before you participate the certification exam,it should be possible to easily complete the exam and pass the certification.

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our GB0-183 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of GB0-183 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the GB0-183 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[H3C GB0-183](#) Test belongs to one of the HCNE certified test, if needs to obtain the HCNE certificate, you also need to participate in other related test, the details you may visit the HCNE certified topic, in there, you will see all related HCNE certified subject of examination.

GB0-183

ItCertHome professional provide HCNE GB0-183 the newest Q&A, completely covers GB0-183 test original topic. With our complete HCNE resources, you will minimize your HCNE cost and be ready to pass your GB0-183 tests on Your First Try, 100% Money Back Guarantee included!

This GB0-183 PDF demo do not include the questions and answers's picture:

Exam : HuaWei GB0-183

Title : HuaWei-3Com Certificated Network Engineer

1. Which of the following is a correct description of IP address? ()

- A.Each IP address contains the network address and the host address.
- B.The minimum IPv4 address is 0.0.0.0, and the maximum is 255.255.255.255.
- C.32-bit binary address is used.
- D.The IP address mask and the IP address perform Boolean AND operation. The bits with the result value 0 are the host bits.

Answer: abc

2. Which layer of the OSI reference model implements encryption. ()

- A.Physical layer
- B.Transport layer
- C.Session layer
- D.Presentation layer

Answer: d

3. To test the gateways that a packet will pass through from the source host to the destination, use the command () in the H3C COMWARE command line.

- A.ping
- B.tracert
- C.show path
- D.display path

Answer: b

4. Both the transport layer and the data link layer perform error check. ()

- T.True
- F.False

Answer: t

5. Common routing protocols are ().

- A.IPX
- B.OSPF
- C.RIP
- D.IP

Answer: bc

6. The command to save the current configuration on the H3C router COMWARE 3.4 is ().

- A.write
- B.save
- C.copy
- D.reset

Answer: b

7. The TFTP port number is ().

- A.TCP port 68
- B.UDP port 68
- C.TCP port 69
- D.UDP port 69

Answer: d

8. Which of the following is right about OSPF? ()

- A.It is fast in convergence.
- B.It is loop-free, and supports variable-length subnet mask.
- C.It supports equal-cost multipath and area division.
- D.It supports authentication, and the protocol packets sending with multicast.

Answer: abcd

9. A network protocol is a set of rules and conventions that prescribe how network devices inter-communicate. The communication parties shall understand and abide the protocol. ()

- T.True
- F.False

Answer: t

10. DCC can carry IP or IPX independently, or carry them at the same time. ()

- T.True
- F.False

Answer: t

11. Which of the following is an application layer protocol that uses port number 25? ()

- A.FTP
- B.TFTP
- C.Telnet
- D.SMTP

Answer: d

12. The H3C AR routers can be upgraded in different ways. Which of the following is not supported? ()

- A.Xmodem
- B.FTP
- C.TFTP
- D.HGMP

Answer: d

13. Frame Relay adopts () as the switching method.

- A.Routing
- B.Circuit switching
- C.Fast switching
- D.Packet switching

Answer: d

14. Which of the following is a correct description of subnet mask? ()

- A.There are two ways to express the subnet mask. One of them uses mask length.
- B.It decides which part of the IP address identifies the network, and which part identifies the host.
- C.The address mask of Class A addresses is 255.255.0.0.
- D.None of the above is right.

Answer: ab

15. What algorithm is adopted in PPP CHAP authentication? ()

- A.MD5
- B.DES
- C.RSA
- D.SHA

Answer: a

16. If the user data exceeds the Bc (committed burst) in a frame relay network, the exceeding data will be dropped.

()

- T.True
- F.False

Answer: f

17. The types of ACLs are identified with numbers. The range 4000-4999 refers to the ().

- A.Interface-based ACL
- B.Basic ACL
- C.Advanced ACL
- D.MAC-based ACL

Answer: d

18. Two routers are in back-to-back connection with the following configuration. Can they communicate with each other? ()

```
[Router1] display current-configuration
```

```
#
```

```
sysname Router1
