

HH0-330 Practice Test

Hitachi HDS Storage Manager-Business Continuity Enterprise

HH0-330: HDS Storage Manager-Business Continuity Enterprise

Practice Exam: HH0-330 Exams

Exam Number/Code: HH0-330

Exam Name: HDS Storage Manager-Business Continuity Enterprise

Questions and Answers: 58 Q&As

(Hitachi Data Systems)

Exam : [HH0-330](#)

For candidates making preparation for the Hitachi HH0-330 questions and answers, what they most desire is to easily pass the HH0-330 (HDS Storage Manager-Business Continuity Enterprise) exam. ItCertHome HH0-330 includes 58 questions and answers, which are collected and collated by experts of Hitachi. With our HH0-330 study materials, you can successfully take Hitachi certification of HH0-330 exam and go further on Hitachi career path.

Free HH0-330 Demo

we provide Hitachi HH0-330 demo exam for free (in PDF format) before you decide to purchase it. Thus,you can know better about the quality of our practice exam and then make your right decision.

ItCertHome Test tool's advantages:

High Quality and Value of HH0-330 exam

ItCertHome Hitachi Hitachi Data Systems HH0-330 Practice Questions is developed and finished by Hitachi technical team , cover every field of the exam . Besides, we have verified HH0-330 answers,almost 100% correct.

100% Guarantee to Pass HH0-330 Exam

We promise to give you FULL REFUND if you fail the Hitachi Data Systems HH0-330 certification(Hitachi Certified Network Associate) with the use of our ItCertHome testing engine.

HH0-330 Self Test Mode

ItCertHome provides a simulated and interactive environment where you can test your knowledge and skills about HH0-330 to ensure enough assurance in real testing center.

Periodic Updates of ItCertHome HH0-330

Once there is some change on Hitachi HH0-330 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

Professional and Efficient Service

We offer 7*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Hitachi Hitachi Data Systems HH0-330** examination of original title complete coverage.ItCertHome **HH0-330 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

We promised that use ItCertHome Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of the Q&A is 100%, the coverage of HH0-330 Q&A are more than 96%.All you need to study the whole HH0-330 Q&A before you participate the certification exam,it should be possible to easily complete the exam and pass the certification.

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our HH0-330 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of HH0-330 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the HH0-330 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[Hitachi HH0-330](#) Test belongs to one of the Hitachi Data Systems certified test, if needs to obtain the Hitachi Data Systems certificate, you also need to participate in other related test, the details you may visit the Hitachi Data Systems certified topic, in there, you will see all related Hitachi Data Systems certified subject of examination.

HH0-330

ItCertHome professional provide Hitachi Data Systems HH0-330 the newest Q&A, completely covers HH0-330 test original topic. With our complete Hitachi Data Systems resources, you will minimize your Hitachi Data Systems cost and be ready to pass your HH0-330 tests on Your First Try, 100% Money Back Guarantee included!

This HH0-330 PDF demo do not include the questions and answers's picture:

Exam : Hitachi HH0-330

Title : HDS Storage Manager-Business Continuity Enterprise

1. You are looking at the possibility of configuring the Raid Manager software.
Which three devices could be used as a CCI Command Device? (Choose three.)
A.3390-3 LUN
B.LUSE LUN
C.OPEN-V LUN
D.OPEN-3 LUN
E.Virtual LVI/LUN

Answer: CDE

2. A pairresync operation is performed on a ShadowImage pair in a PSUE state.
What is the result of the pairresync operation?
A.The pairresync completes immediately.
B.All data on the P-Vol are copied to the S-Vol.
C.The pairresync returns an error because of the PSUE state.
D.The bitmaps are used and only changed tracks are copied from the P-Vol to the S-Vol

Answer: B

3. On a Windows system, how do you verify that the environment parameter is correctly set to use CCI for TrueCopy operations instead of ShadowImage operations?
A.Make sure that HORCM_MRCF is set to 1.
B.Make sure that HORCC_MRCF is not set.
C.Make sure that HORCC_MRCF is set to 0.
D.Make sure that HORCM_MRCF is set to 0.

Answer: B

4. The CCI instance has failed to start.
What is the most likely cause?

- A. The Command Device is labeled.
- B. The environment variable HORCC_MRCF is set.
- C. The environment variable HORCMINST is not set.
- D. The IP address is not referenced in the HORCM file.

Answer: D

5. The CCI instance needs to communicate with the storage system using the Command Device. Which command should be executed to discover the name of the Command Device on a Windows server?

- A. `raidscan -x findcmddev hdisk 0,20`
- B. `raidscan -find commanddev hdisk 0,20`
- C. `raidscan -x find commanddev hdisk 0,20`
- D. `raidscan -find commanddevice hdisk 0,20`

Answer: A

6. On a Windows system, how do you make sure that the environment parameter is set correctly to use CCI for ShadowImage operations instead of TrueCopy operations?

- A. Verify that HORCC_MRCF is set to 1.
- B. Verify that HORCM_MRCF is not set.
- C. Verify that HORCC_MRCF is set to 0.
- D. Verify that HORCM_MRCF is set to 0.

Answer: A

7. Which two statements describe the Command Device? (Choose two.)

- A. The Command Device is user selected.
- B. The Command Device is system selected.
- C. The Command Device is a dedicated logical volume on the system which controls the CCI software on the UNIX/PC host.
- D. The Command Device is a dedicated logical volume on the system which functions as the interface to the CCI software on the UNIX/PC host.

Answer: AD

8. Where do you find the "horcmstart.sh" command in a default CCI installation in a UNIX system?

- A. `./usr/bin/`
- B. `./usr/sbin`
- C. `./HORCM/`
- D. `./HORCM/usr/bin/`

Answer: D

9. Which two statements describe the Command Device? (Choose two.)

- A. The Command Device is for CCI communications and can be fully utilized by other applications.
- B. The Command Device is dedicated to CCI communications and should not be used by any other applications.
- C. The Command Device accepts TrueCopy and ShadowImage software read and write commands that are executed by the storage system.
- D. The Command Device accepts TrueCopy and ShadowImage software read and write commands that are executed by the CCI software.

Answer: BC

10. Which two statements describe the Command Device on UNIX systems? (Choose two.)

- A. The volume designated as the Command Device is a raw device.
- B. The volume designated as the Command Device is a block device.
- C. The Command Device accepts TrueCopy software and ShadowImage software read and write commands that are executed by the CCI software.
- D. The Command Device accepts TrueCopy software and ShadowImage software read and write commands that are

executed by the storage system.

Answer: AD
