Periodic Updates of ItCertHome HP2-T14

Once there is some change on HP HP2-T14 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

Professional and Efficient Service

We offer 7*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **HP HP APS HP2-T14** examination of original title complete coverage.ItCertHome **HP2-T14 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

We promised that use ItCertHome Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of the Q&A is 100%, the coverage of HP2-T14 Q&A are more than 96%.All you need to study the whole HP2-T14 Q&A before you participate the certification exam,it should be possible to easily complete the exam and pass the certification.

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our HP2-T14 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of HP2-T14 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the HP2-T14 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[HP HP2-T14](#) Test belongs to one of the HP APS certified test, if needs to obtain the HP APS certificate, you also need to participate in other related test, the details you may visit the HP APS certified topic, in there, you will see all related HP APS certified subject of examination.

HP2-T14

ItCertHome professional provide HP APS HP2-T14 the newest Q&A, completely covers HP2-T14 test original topic. With our complete HP APS resources, you will minimize your HP APS cost and be ready to pass your HP2-T14 tests on Your First Try, 100% Money Back Guarantee included!

This HP2-T14 PDF demo do not include the questions and answers's picture:

Exam : HP HP2-T14

Title : Servicing HP ProLiant ML/DL Servers Rev 8.31

1. Which statement is true about processor installation?

- A. Processors of different speeds can be mixed as long as they are of the same type.
- B. Locking levers should be used only when the Intel Xeon processor series is installed.
- C. Intel and AMD processors can be mixed in the same server.
- D. Any associated memory installation must be completed correctly for Opteron servers.

Answer: D

2. Which statement is true regarding HP ProLiant servers?

- A. HP ProLiant servers have three system ROMs for redundancy.
- B. SmartStart CD 7.x can be used to run the HP ROM Update Utility.
- C. Hard drive firmware can only be updated in offline mode.
- D. HP ProLiant Firmware Maintenance CD can be used to upgrade firmware in offline mode.

Answer: C

3. A customer has a ProLiant ML350 G5 with a Smart Array P400/256MB Controller. They have four SAS drives configured into Array A and created a LUN using RAID 1+0. With the remaining space the customer wants to create a LUN using RAID ADG, but the option is not available using the online ACU.

What must the customer do to make the option available?

- A. upgrade to a P800 Controller, as P400 does not support RAID ADG
- B. install the Battery-Backed Write Cache (BBWC) option to P400
- C. use offline ACU, as online ACU does not support RAID ADG
- D. use ORCA to configure RAID ADG

Answer: B

4. You have a 100GB logical volume carved out of your Smart Array, presented to Windows, and mounted as a single partition with a single filesystem. You need more space in that filesystem, and you expand the logical volume to 200GB. However, the filesystem still only shows 100GB, and an examination of the disk resource shows a 100GB

partition with 100GB of unused space.

Which utility can you use within Windows to expand a partition and filesystem to use the remaining contiguous space on a logical volume?

- A. ORCA
- B. ACU
- C. Disk Manager
- D. Diskpart

Answer: D

5. During a boot cycle, how do you access the iLO 2 configuration so that you can change the admin password for iLO?

- A. by pressing F1 to access the iLO configuration menu
- B. by pressing F8 to access the iLO configuration menu
- C. by pressing F9 to access the RBSU configuration menu
- D. by pressing F1 to access the RBSU configuration menu

Answer: B
