

## **JN0-522 Practice Test**

### **Juniper Networks Juniper Networks Certified Internet Associate, FWV (JNCIA-FWV)**

**JN0-522: Juniper Networks Certified Internet Associate, FWV (JNCIA-FWV)**

**Practice Exam:** JN0-522 Exams

**Exam Number/Code:** JN0-522

**Exam Name:** Juniper Networks Certified Internet Associate, FWV (JNCIA-FWV)

**Questions and Answers:** 266 Q&As

**( JNCIA )**

Exam : [JN0-522](#)

For candidates making preparation for the Juniper Networks JN0-522 questions and answers, what they most desire is to easily pass the JN0-522 (Juniper Networks Certified Internet Associate, FWV (JNCIA-FWV)) exam. ItCertHome JN0-522 includes 266 questions and answers, which are collected and collated by experts of Juniper Networks. With our JN0-522 study materials, you can successfully take Juniper Networks certification of JN0-522 exam and go further on Juniper Networks career path.

#### **Free JN0-522 Demo**

we provide Juniper Networks JN0-522 demo exam for free (in PDF format ) before you decide to purchase it. Thus,you can know better about the quality of our practice exam and then make your right decision.

#### **ItCertHome Test tool's advantages:**

##### **High Quality and Value of JN0-522 exam**

ItCertHome Juniper Networks JNCIA JN0-522 Practice Questions is developed and finished by Juniper Networks technical team , cover every field of the exam . Besides, we have verified JN0-522 answers,almost 100% correct.

##### **100% Guarantee to Pass JN0-522 Exam**

We promise to give you FULL REFUND if you fail the JNCIA JN0-522 certification(Juniper Networks Certified Network Associate) with the use of our ItCertHome testing engine.

##### **JN0-522 Self Test Mode**

ItCertHome provides a simulated and interactive environment where you can test your knowledge and skills about JN0-522 to ensure enough assurance in real testing center.

##### **Periodic Updates of ItCertHome JN0-522**

Once there is some change on Juniper Networks JN0-522 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

##### **Professional and Efficient Service**

We offer 7\*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **Juniper Networks JNCIA JN0-522** examination of original title complete coverage.ItCertHome **JN0-522 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

**We promised that use ItCertHome Q&A ensure you pass the exam at your first try.**

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of

*the Q&A is 100%, the coverage of JN0-522 Q&A are more than 96%. All you need to study the whole JN0-522 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.*

2. ItCertHome to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our JN0-522 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of JN0-522 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. ItCertHome professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the JN0-522 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[Juniper Networks JN0-522](#) Test belongs to one of the JNCIA certified test, if needs to obtain the JNCIA certificate, you also need to participate in other related test, the details you may visit the JNCIA certified topic, in there, you will see all related JNCIA certified subject of examination.

JN0-522

ItCertHome professional provide JNCIA JN0-522 the newest Q&A, completely covers JN0-522 test original topic. With our complete JNCIA resources, you will minimize your JNCIA cost and be ready to pass your JN0-522 tests on Your First Try, 100% Money Back Guarantee included!

This JN0-522 PDF demo do not include the questions and answers's picture:

Exam : Juniper JN0-522

Title : FWV, Associate (JNCIA-FWV)

1. Using the CLI, if the startup copy of the ScreenOS on a NS-204 is corrupted, from which two (2) alternate locations can an image be loaded?

- A. ROM
- B. TFTP server
- C. Internal Flash
- D. PCMCIA Card
- E. Compact Flash Card

Answer: BE

2. Which statement is correct regarding administrator privileges?

- A. Any Administrator can change their privileges on an as-needed basis
- B. Administrator privileges can only be established and changed by the Root Administrator
- C. Administrator privileges can be established and changed by the Root and All-privilege Administrator
- D. Administrator privileges can only be established by the Root and can be changed by the Root and All-privilege Administrator

Answer: B

3. Using the CLI, if the startup copy of the ScreenOS is corrupted, from which location can an image be loaded?

- A. TFTP server
- B. internal flash
- C. PCMCIA card
- D. Compact Flash Card

Answer: A

4. Which statement best describes the 'config rollback' feature?

- A. Once the 'config rollback' feature is enabled; it allows the administrator to re-apply a previously saved configuration file from Flash
- B. The 'config rollback' feature is enabled by default; it allows the administrator to re-apply a previously saved configuration file from Flash
- C. Once the 'config rollback' feature is enabled; it allows the administrator to re-apply a locked configuration file from a separate area in Flash
- D. Once the 'config rollback' feature is enabled; it allows the administrator to revert to the prior ScreenOS image in the event an upgrade operation aborts
- E. Once the 'config rollback' feature is enabled; it allows the administrator to revert to the prior ScreenOS image or configuration file in the event an upgrade operation aborts

Answer: C

5. Which statement about multi-cell policies is true?

- A. You can apply the negate option to services.
- B. You can apply the negate option to a source address.
- C. You can only use the WebUI to configure multi-cell policies.
- D. You can add up to 32 different addresses or services per cell.

Answer: B

6. In the packet flow decision process, which pair identifies interzone traffic?

- A. source and destination MAC
- B. source and destination interface
- C. source and destination TCP port
- D. source and destination IP address

Answer: B

7. Which form of NAT performs bi-directional translation?

- A. VIP
- B. MIP
- C. DIP
- D. NAT-dst
- E. NAT-src

Answer: B

8. Click the Exhibit button.

What does this icon indicate?

- A. Logging is enabled on a policy.
- B. Counters are enabled on a policy.
- C. Scheduling is enabled on a policy.
- D. Authentication is enabled on a policy.

Answer: B

9. What are the advantages of multiple virtual routers on a NetScreen device?

- A. It creates more secure routing tables that are simpler to administer
- B. It reduces packet-forwarding overhead associated with layer-3 operations
- C. It increases the number of possible routing table entries per NetScreen device
- D. It makes it possible to forward traffic between security zones without a policy lookup

Answer: A

10. A ScreenOS firewall has one interface in the user zone and one interface in the servers zone. Both interfaces are addressed and active. The configured policy allows user traffic from the user zone to the FTP server in the servers zone, but the traffic does not cross the firewall from the client to the server.

What is the most likely problem with the firewall?

- A. The ScreenOS firewall has no physical connection to the FTP server.
- B. The ALG option on the ScreenOS firewall has not been enabled for FTP traffic.
- C. The ScreenOS firewall does not have a route defined to the FTP server's subnet.
- D. The ScreenOS firewall does not have a route defined to the FTP client's subnet.

Answer: C

11. Click the Exhibit button.

In the exhibit, on which interface would you configure a VIP for translating inbound traffic destined for the partner servers?

- A. E1
- B. E2
- C. E7
- D. E8
- E. You cannot use a VIP in this environment; a VIP must be configured in the Untrust zone.

Answer: E

12. Which two statements are accurate about tunnel mode? (Choose two.)

- A. In tunnel mode the IPSec header precedes the original IP header.
- B. Tunnel mode is required in IPSec networks where ESP packets are used.
- C. Tunnel mode is the default mode of operation for IPSec in ScreenOS devices.
- D. Tunnel mode can only be used when operating between IPSec security gateways.

Answer: AC

13. Tunnel binding is accomplished during which part of the VPN configuration process?

- A. Phase 1
- B. Phase 2
- C. Route Creation
- D. Replay protection
- E. Tunnel Interface Creation

Answer: B

14. Click the Exhibit button.

In the exhibit, you configure NAT-src to translate traffic from the Corporate zone to the Internet zone and do not specify a DIP.

Which address will be used as the outbound source address?

- A. 143.45.56.1
- B. 143.45.56.254
- C. NAT-src requires a DIP
- D. the original source address

Answer: A

15. Which command is used to avoid IP fragmentation when configuring IPSec on a ScreenOS device?

- A. set flow
- B. set tcp-mss flow
- C. set flow tcp-mss
- D. set mss-flow size

Answer: C

16. By default, from which hardware component is the startup copy of the ScreenOS loaded?

- A. NVRAM
- B. TFTP server
- C. internal flash

D. PCMCIA card

Answer: C

17. By default, from which hardware component is the startup copy of the ScreenOS loaded?

A. ROM

B. NVRAM

C. TFTP server

D. Internal Flash

E. PCMCIA Card

Answer: D

18. What are two benefits of configuring a ScreenOS device in transparent mode? (Choose two.)

A. There is no need to reconfigure the IP addresses of routers or protected servers.

B. There is no need to create MIPs or VIPs for incoming traffic to reach protected servers.

C. Policies are easier to create since you do not have to include source and destination IP addresses.

D. The product can support more VPNs and obtain greater throughput because there is less overhead to manage.

Answer: AB

19. What is the default mode for an interface in the trust zone?

A. NAT

B. route

C. Layer 2

D. Layer 3

E. transparent

Answer: A

20. The CLI command, 'set policy from untrust to trust "ANY" "ANY" "ANY" Permit' is the default configuration policy on which NetScreen device?

A. NetScreen 500

B. NetScreen-5XT

C. NetScreen-5XP

D. None of the above

E. NetScreen-200 series

Answer: D
